

Have a child under age 6?

DO YOU...

Want your home
childproofed?

Struggle when
your child
misbehaves?

Wonder if
your child should
see the doctor?

Let our SafeCare® Home Visitors Support You!

Take advantage of this FREE in-home program and learn to:

- Reduce challenging child behaviors
- Increase positive time with your child
- Remove common safety hazards that children often get into
- Respond to common child sicknesses or injuries
- Engage your child in simple activities around the house
